

Monthly Online Grief Support Group

This drop-in monthly bereavement support group is available to adults of all ages who have experienced the death of a loved one. This group is held completely online using a secure video platform through the Ontario Telemedicine Network (OTN) that allows for real-time conversations. Each month will explore a different question or topic. Feel free to attend just one, or join us for the whole year!

Meetings will alternate between the first **Wednesday and Thursday** of the month, from **6-7PM**.
