

# BETHELL HOSPICE

## *Virtual Music Therapy*

**An accredited Music Therapist collaborates with clients and families to provide music experiences that safely and purposefully address goals within physical, social, emotional, and spiritual domains.**

**Music therapy is the use of music in combination with the therapeutic relationship. Virtually, clients and families can engage in singing familiar music, song writing and relaxation techniques, as well as discussion around music for coping and reminiscence. This program is available for both residential and community clients.**
